

## Revving Up for Mathematics Standard Revisions

**Description:**

Participants will engage in content sessions over the course of the day to ensure a smooth transition to the revised standards and the instruction and assessment demands within.

Sessions include:

- Transition Tools
  - Overview of state assessments, transition documents and the model curriculum.
- Released Items and Item Analysis
  - Where are they located? What do they mean? How can the two be meaningfully connected?
- Depth of Knowledge (DOK)
  - What is DOK? What does it look like in practice? How can it be used as a leverage for empowering students in the classroom? How does DOK connect to state practice assessment items?
- Resources
  - Explore a variety of resources to support student achievement in mathematics.
- Networking
  - Opportunities will be provided to network with other teachers in your grade band around teaching strategies, resources, successes in the classroom, and questions you may have.

**When:**

January 12, 2018

North Central Ohio Educational Service Center, Tiffin Campus

928 W. Market Street, Tiffin, OH 44883

January 18, 2018

North Central Ohio Educational Service Center, Marion Campus\*
