

OHIO'S MEASURES: USING VALUE-ADDED REPORTS TO INFORM PROFESSIONAL PRACTICE

WHAT

In this professional learning session, we will build educators' capacity to access, navigate, interpret, and make diagnostic use of the various SAS® EVAAS® reports. Participants will leave with an understanding of how to leverage district, school, and teacher-level value-added reports along with projection reports to accelerate student learning and inform professional practice.

WHO

These learning sessions are intended for principals, curriculum directors, superintendents, and teacher-leaders. We encourage principals to attend with their building leadership team.

We recommend that participants complete Battelle for Kids' two online introductory value-added courses prior to attending this learning session. Access the online value-added courses [here](#). Need help logging in? Contact the [Battelle for Kids Support Center](#).

PLEASE BRING YOUR LAPTOP TO PARTICIPATE IN ACTIVITIES.

LEARNING TARGETS

Participants will:

- Understand how to navigate and interpret value-added reports
- Explore strategies to support analysis, communication, and use of information from various value-added reports

TIME & REGISTRATION

9 a.m. to 3:30 p.m. with lunch on your own

Register in STARS for one session at: <https://safe.ode.state.oh.us/portal>
(Search key word "value added" to find the sessions more easily)

QUESTIONS

Contact Erica Siddle at esiddle@bfk.org.
