

Journey Inward

Grade One

Life Sciences

Characteristics and Structure of Life

1. Explore that organisms, including people, have basic needs, which include air, water, food, living space, and shelter.

Scientific Inquiry

Doing Scientific Inquiry

1. Ask “what happens when” questions.
2. Explore and pursue student-generated “what happens when” questions.

Grade Two

Life Sciences

Characteristics and Structure of Life

2. Explore that organisms, including people, have basic needs, which include air, water, food, living space, and shelter.

Scientific Inquiry

Doing Scientific Inquiry

1. Ask “how can I/we” questions.
2. Ask “how do you know” questions (not “why” questions) appropriate situations and attempt to give reasonable answers when others ask questions.
