According to Ohio Revised Code (ORC) 3319.39, any applicant under final consideration for appointment or employment in a position with a board of education as a person "responsible for the care, custody, or control of a child," must submit to a criminal records check conducted by the Bureau of Criminal Identification and Investigation. Except as provided in ORC 3319.39 (B)(1), no school district may hire a person for one of these positions if that person has been convicted of or pleaded guilty to certain offenses listed in Senate Bill 38, as reported by BCII. (Such offenses include 1) any felony; 2) any drug offense that is not a minor misdemeanor; 3) any offense of violence; 4) any theft offense; 5) corruption of a minor; 6) sexual imposition; 7) importuning; 8) any substantively comparable offense of a municipal corporation.) Nor may a school district hire any person who refuses to submit to a criminal records check. Additional background checks through the local sheriff's office may also be made. If the applicant does not provide proof of a five-year residency in the state of Ohio, BCII will be asked to perform a nationwide background check of Federal Bureau of Investigation records.

A school district is authorized to conditionally employ a person pending outcome of that person's BCII background check. If the results of the background check indicate that the person is not eligible for the position in which he or she is employed, the school district must release the person from employment.

Information obtained by a school board from a BCII background search is confidential and not subject to disclosure. If you are not employed by this school district, the background check information will be destroyed.

To the best of my knowledge, I believe the information on this application to be accurate, and I understand that failure to reveal any crimes as indicated above will be cause for immediate dismissal.
